EnglishMU is a program dedicated to assist our fellow Indonesian-speaking members to hold a casual conversation in English.

WHEN?

Sessions will be held during weekends for 1-2 hours over a one month period (October 2020).

WHO?

The program is aimed towards middle-school and high-school students who want to improve their English conversation skills. Our mentors will be college students who have lived in America and have spoken English throughout most of their lives.

OUR VISION

EnglishMU

English is a universal language that allows us to progress and communicate fluently in our current society. We want to assist non-English speaking members to learn how to speak English so they can adapt smoothly and progress in today's society. Speaking English can benefit your future and will help you to easily reach out and talk to other English-speakers.

HOW?

Our sessions will be held through Zoom. Zoom is an online interactive video-calling platform where our mentors will talk to you. In order to join our Zoom sessions, a phone with a camera or a computer paired with a microphone and webcam is required for all future Zoom sessions.

One group will consist of one-to-two mentors and up to five students.

Each student is required to register prior to October 1, 2020 a long with uploading 3-minutes video introducing his/herself prior to joining the EnglishMU Program.
